

English Teacher Margaret Olson retired and discovered she had files of student autobiographies that had not been returned. With the help of the Foundation, she was able to return a lot of the autobiographies, but there are still many students she was not able to locate. Here is a list of the names of unreturned autobiographies sorted by what would have been their graduation year. If you are on this list or know someone who is, please contact the Foundation office and we will see that the autobiography gets sent out. Email: [foundation@myprowler.org](mailto:foundation@myprowler.org) or call Jodi at 218-681-8711 ext. 5264.
