Coach Lee.  
Front Row—Clark Mickelson, Donald Lorentson, Roy Lee, Milferd Haughom, Gordon Caldis.

### *Basketball*

For the second time in a period of six years, the Prowlers reached the millennium of basketball achievements; an undefeated season culminated in the winning of the state championship. Guided by the incomparable Coach George Lee, the plucky Prowler squad waded through varied opposition in a nineteen game schedule, won a smashing victory in the district tournament and won uphill tussles to top the regional and state meets. The 1937-1938 squad will be remembered as the finest all-around aggregation of cagers ever to represent Lincoln high school. Their endurance, reserve strength, and will to win has never been equalled by a Prowler team in previous years and years will pass before our school will possess a group of athletes so ideal from every viewpoint.

They opened their schedule November 30 by romping to a 50-5 win over Greenbush on the latter's court. Coach Lee started his second stringers and substituted freely with twelve men seeing action. Lorentson led the scoring with seven tallies.

The Prowlers proved their mettle under fire by trimming the Bemidji Teachers College Reserves 41-28 on the Bemidji high floor. The locals played a brilliant brand of ball to lead the touted collegians all the way. Lorentson again topped the scoring parade with thirteen points followed by C. Mickelson with ten.
